ONLINE TEACHER TRAINING (OTT) COURSE EVALUATION REPORT

Dates: APRIL 26, 27, 29

Overview of the Training

The three-day training in innovative learning envisaged workload of 9 hours presented in 3 hours per day for 3 days of classroom work and 20 hours of individual work (April 26, 27 and 29, 2021). The training was attended by 17 lecturers from the different departments of 5 faculties (Faculty of Informatics and Control Systems, Mining-Geological Faculty, Faculty of Chemical Technology and Metallurgy, Faculty of Engineering Economic, Media Technology and Social Sciences and the Faculty of construction) of Georgian Technical University.

PROJECT # 585760-EPP-1-2017-1-AM-EPPKA2-CBHE-JP

The trainees were introduced the theoretical and practical sides of online innovative T&L methodology. The course goal was to discuss how to activate learning in an online format; share online teaching experiences during this period of confinement; implement m-learning & gamification in an online format; design tasks with different mobile apps for active learning; design a digital breakout using gamification elements.

The key topics were: application of **PICRAT** model and different mobile apps to activate learning in an online format; creating **edupuzzle** learning videos and a digital breakout using **genial.ly** gamification elements in their specific fields; using of **padlet** for uploading tasks and useful information.

The participants created their own PICRAT sceme, edpuzzle videos and breakout rooms. They used the response systems, google forms, and their working panels. During the course, they divided into groups and made presentations. Finally, they uploaded the materials on padlet. The participants were actively involved in the training course. At the end of the training they evaluated the course, giving their feedbacks.
