

PRINTEL SUMMER SCHOOL MASTER CLASSES
"TEACHERS IN DIGITALIZED VIRTUAL SPACE"

Title: Improving the quality of education through the use of information technologies

Trainer: Andrei Prarouski – Brest State Technical University

Date: 08.09.2021 12:00 AM

Number of Participants: 26

All the survey participants gave a high assessment of the training. Only to the question "Online tools and technologies used during training are available and applicable for my future teaching practice", one respondent did not give the highest grade. The survey participants left the following comments:

- It would be interesting to listen to the students
- The experience gained is very useful
- Many thanks to the trainer for a well-conducted exciting master class that helped to enrich myself with new knowledge and experience
- It was grate to get this experience, very useful
- Actual training, with practical benefits and detailed presentation
- Very informative and well-organized training, professional presentation, thanks
