I would like to thank the organizers and the instructors of the PRINTel Summer School Master Classes for their great job! I might recommend them to be more specific about the aspects of English which are taught (ESP, written English, Speaking, Grammar, Cultural Studies, Literature in English, etc.) while talking about the methods to teach them online.

The master class reflected the presenter's rich experience, his desire to teach students in a new way. Great examples, thank you very much Dr. R. Beinhauer.

One of the best master classes I have ever listened

I have accepted new tools for my teaching practice
