

PRINTEL SUMMER SCHOOL MASTER CLASSES "TEACHERS IN DIGITALIZED VIRTUAL SPACE"

Title: Strategies to Prevent Academic Misconduct in Online Learning (Demonstration of Moodle Safe Exam Browsing)

Trainer: Giga Khositashvili – Ilia State University

Date: 08.09.2021 11:00 AM

Number of Participants: 23

The anonymous evaluation form was filled by the 12 participants. Majority of them state that the objectives of the master class were clearly stated at the syllabus and the training content was appropriate to its title and objectives. 75 % of the participant state that the interaction during the master class was encouraged, however, 25% thinks it could have been improved. In addition to this, one of the attendee's state that the information they got was adequate but the time for discussions was not enough and it could have been increased. Majority of the attendee state that the trainer communicated well and the digital tools used during the session were adequate to the subject. 91% of the participants are going to apply acquired skills to their teaching practice and they will recommend the same to their colleagues. Overall, 83% state that they are very satisfied with the master class. The detailed data can be found in the form given below.

12 responses

2.3. Overall, how would you rate your experience in this online training?

12 responses

2.4. Please write any other comments you might have about this training.

7 responses

The training was interesting and informative.

Thanks a lot for interesting masterclass

Big thanks GIGA KHOSITASHVILI!

Thank you very much for interesting session

Thank you so much!

The masterclass was very useful, balanced and practical. The only thing I was a bit upset was the lack of time and the passive audience. More time would have given some possibility to practise the skill and more involved audience - interesting experiences and ideas to discuss.

Thank you!

The training was very interesting and useful

Thank you for your time and valuable feedback!
